Respected Madam,

I am a student of 3<sup>rd</sup> Year Computer Science (Honours) at Tarakeswar Degree College, P.O.-Tarakeswar, Dist.- Hooghly. I beg to inform you that our college has made remarkable progress in the enhancement of teaching-learning and infrastructural facilities in the last few years. We have recently got well equipped laboratories in Chemistry, Physics, Zoology, Botany, Geography & Physical Education Departments. There are also computer labs in Commerce, & Computers Science Department. There is also a well-furnished language laboratory in the Communicative English Department. The library facilities have also been noticeably improved with the addition of new books and introduction of KOHA. All the developmental works have been made possible by the funds released by RUSA to our college. The students of this college are highly benefitted by these newly introduced facilities. We are grateful to RUSA for this development. It's a good job well-done.

With regards

Yours sincerely

*Souvik Dhara*
