

Dear friends I am happy to introduce you myself to my viewers. I am standing in the middle of the hall recently renovated by the help of Rashtriya Uchchar Shiksha Abhiyan. This is today a magnificent seminar hall thanks to RUSA. This hall is neatly and beautifully laid with quality tiles and good echoed proof ceiling. We are able to have learning based programmes in this hall. Along with it we have modified class rooms providing clean and neat atmosphere which helps us to learn better with beautiful surroundings. We expect that RUSA scheme will further strengthen the infrastructure facilities in the college and improve the learning of the students.
