

TESTIMONIAL LETTER OF STUDENT

Zainab Gunnata,
2nd Semester - Diploma in
Computer Aided Costume Designing & Dress Making,
Government Polytechnic, Dahod

Zainab

Testimony:

I am Zainab Gunnata studying in the 2nd semester Diploma in *Computer Aided Costume Designing & Dress Making* at Government Polytechnic, Dahod.

Student life is called golden life and I completely agree with this statement because last year I got many benefits from the RUSA activities which were organized at our institute. Particularly, I want to share my positive experience of the Two Day Workshop on “*English Enrichment*”.

I participated in this workshop and enjoyed it a lot. This workshop made me very confident to use English language in real life situation. All the sessions of the workshop provided us opportunity to remove our fear of English.

The experts invited to address us were really very nice and clarified the importance of Listening, Speaking, Reading and Writing skills and also Verbal and Non-verbal Communication Skills were conducted. We enjoyed learning English language from the experts and built up a high level of confidence to use English language in real life situations.

I can say that this workshop has helped me in enriching my English language and thus become a strong and impressive personality.

I would like to participate again in such events in future. Thank you very much.
