

Student Details:

Name of the Student: **Arpita Misra**

Name of the Degree: M.Sc. in Physics

Year-1st Year

“According to me RUSA funds are really beneficial for the development of our Labs and Campus. The lab is fully functional with a pretty comfortable environment. It has benefitted every student of the Department. It has also increased the frequency of students in the lab which has contributed towards surge in research activities. Overall it has improved the infrastructure standard of the institution.”
