

1.2.2017

Our College has got an extra facility of Campus Wi-fi. All the computers in 22 departments have internet facility. We are Department of Physics students of II M.Sc. Our department has a smart class room with internet and department has wi-fi and net facility created in March 2016 through RUSA. We present our seminars in power point in the smart class room. Faculty also take classes with material downloaded from famous Lectures available online. We take spectra (FTIR/UV) in our central instrumentation facility and send it to our mail ids for further study using the Wi-fi. We browse the internet in department for our projects. We are thankful to RUSA for the smart class room, printer, computer and Wi-fi facilities created in our Physics department.
