

## **Introduction of the Institution:**

“Coming events cast their shadows before” and “a sharp anvil does not fear the hammer;” these two dictums speak volumes about Government College, Shahpur. Surrounded by various educational institutions, having clear view of mighty and snow-capped Dhauladhars the college caters to the needs of more than fifteen hundred students. It started functioning in the year 2006 to spread an educational wave which opened the doors of higher education to the deprived students. The college has its own commodious campus. This area and its youth richly deserved an institute offering higher education. This institution is affiliated to the HP University and is imparting education in all the streams, i.e., arts, science and commerce. The mission and objective of the institution is to disseminate knowledge, nurture students to face the global challenges by grooming their overall personality through various co- and extra-curricular activities, inspire the learners to pursue excellence and embrace diversity and inclusion. The focus of the college is to educate the students and encourage them to be creative and confident.
