

Academic Reforms

The Semester System and CBCSS have been implemented in the state of Kerala. It has been introduced in all the colleges and Universities in Kerala. The CBCSS has been implemented in all UG courses.

The outcome:

1. Most modern technology implemented in classrooms.
2. Job-oriented courses introduced through the system.
3. More care given to the students through internal evaluation and scope given for improvement of grades.
4. Flexibility for working students to complete the course.
5. The students found the syllabus and semester comparatively easy to complete.
6. Creative and research ability of the students enhanced through activity oriented syllabus structure.
7. Inter-university transfer for students made possible through this system.
8. Students get the feel of a multi-disciplinary approach.
9. Skill advancement courses introduced.
